ABOUT ME

Driven Software Engineering undergraduate with a strong foundation in Python, Java, and web development. Passionate about building efficient, user-focused software and exploring mobile application development. Committed to advancing as a full-stack software engineer and contributing to impactful, innovative projects.

EDUCATION

Bachelor of Engineering with Honours in Software Engineering

University of Westminster

2024 - 2028

Key Modules (Second year - ongoing)

- Object Oriented Programming
- Database Systems
- Software Development Group Project
- Algorithms: Theory, Design and Implementation
- Mobile Application Development

Key Modules & Results (First Year)

- Software Development I - 82%
- Mathematics for Computing - 97%
- Trends in Computer Science - 70%
- Computer System Fundamentals - 93%
- Software Development II - 71%
- Web Design and Development - 67%

Musaeus College - Colombo 7

G.C.E Advanced Level - Physical Sciences

2020 - 2022

Sussex College - Horana

2009 - 2019

PROJECTS

Discat - Mathematics Learning App

September 2025 - Present

(Software Development Group Project - IIT)

- Developing a mobile application to support O/L students at risk of failing mathematics
- Focused on improving mathematical understanding through gamified learning
- Collaborating in a team environment following structured software development practices
- Contributing to both front-end and back-end development
- Technologies used: Flutter, Spring Boot

Smart Clinic Management System

July 2025 - August 2025

Full-Stack Web Application

- Designed and developed a full-stack web application to automate clinic and hospital operations
- Implemented secure patient authentication, doctor profile management, and appointment booking functionality
- Enabled doctors to manage schedules and appointments through role-based access
- Built an administrative dashboard to manage doctors, patients, and clinical records efficiently
- Integrated MySQL for structured data and MongoDB for unstructured data to ensure scalability and flexibility
- Containerized the application using Docker to support reliable and consistent deployment
- Developed dynamic, server-side rendered views using Thymeleaf
- Technologies used: Spring Boot, Thymeleaf, MySQL, MongoDB, Java, JavaScript, HTML, CSS, Docker

FixIt - Mobile Application for Home Repair Service

April 2025 - June 2025

Mobile Application Prototype - IIT

- Developed a mobile application prototype to connect homeowners with verified home repair professionals
- Designed and implemented intuitive user interfaces for service browsing and booking workflows

TECHNICAL SKILLS

Tools/Frameworks

- Spring Boot
- Flutter
- Jetpack Compose
- MongoDB
- PyCharm
- Visual Studio Code
- IntelliJ IDEA
- Figma

Languages

- Python
- Java
- Kotlin
- Dart
- MySQL
- HTML/CSS
- JavaScript

- Built interactive navigation to enhance usability and user experience
- Collaborated with a team to align UI design with functional requirements
- Strengthened front-end development and UI/UX design skills through hands-on implementation
- Technologies used: Flutter, Figma

CERTIFICATIONS

- **IBM Professional Java Developer Certificate** | Offered by IBM — *August 2025*
- **Front-End Web Development** | Offered by University of Moratuwa — *March 2024*
- **Web Design for Beginners** | Offered by University of Moratuwa — *October 2023*
- **Python Programming** | Offered by University of Moratuwa — *August 2023*
- **Python for Beginners** | Offered by University of Moratuwa — *July 2023*

LEADERSHIP & ACHIEVEMENTS

Professional & Technical Memberships

- Member of IEEE Computer Society, Student Branch Chapter – IIT
- Secretary Volunteer for Industpro 4.0, supporting event coordination and logistics

Leadership Experience

- Head Prefect, Sussex College (2019) – Oversaw student discipline and coordinated school activities
- Secretary, English Literary Association – Organized literary events, competitions, and workshops

Academic & Language Achievements

- Member of Science Society, Musaeus College
- Recognized for Outstanding Academic Performance at Sussex College
- Certified in Cambridge English Exams – FCE, PET, KET

Sports & Arts

- Swimming & Badminton Champion at school level (Sussex College)
- Member of Western Band (Sussex College)
- Participated in Dance and Singing Competitions (Sussex College)
- Awarded in Creative Writing Competitions (Sussex College)
